### EXPERIENCE

Travis joined RMC in 2024 as a Senior Building Consultant and brings with him nearly 25 year of experience in the insurance and construction industries. He has a proven track record of navigating challenging situations in a fast paced environment.

His skill set spans from project management, estimating, commercial/residential adjusting, quality assurance management, and CAT operations/management experience. Travis takes great pride in his customer service and values maintaining constant communication with the adjuster and his team through the entire claims process.

### FEATURED PROJECTS
